results *.

Venlo, 29 June 2018

**The average grade of phases II and III is calculated by weighing the credits multiplied by the obtained grades per modul (including the Work Placement and the Graduation Assignment), divided by the number of credits. This only applies to minors graded from 1 to 10. Moduls graded as "passed" (new code 'PA' or old code 'V') and exemptions are not included in the calculation of the average grade.*
